FLOWEXPO was founded in 1997 and hold annually in Guangzhou China. It is recognized by industry for its "Professional Exhibition, Buyers Matching, Remarkable Effect", and it is also a brand exhibition recognized by Guangzhou Government. Our exhibition is one of the largest, most professional and most advanced technology in the fluid industry. It is an important channel for brand promotion, engineering procurement, technology procurement, supporting cooperation, user negotiation, import & export, distribution agency, OEM etc.

FLOWEXPO is positioned in providing service for water/purified water/sewage, hot water/steam, oil/natural gas/gas/air/compressed air/smoke, industrial liquid/gases/powder/mixture treatment, processing, transportation, measurement, control engineering. FLOWEXPO is not only a platform for industry exchanges and trade cooperation, but also a weather vane that has a profound impact on the development of fluid industry.

Why Exhibiting

- ◆ Fluid machinery international trade platform: FLOWEXPO attracts more than 10,000 professional buyers and suppliers from more than 40 countries and regions every year.
- ◆ National strategy: With the implementation of the national strategy of "The Belt and Road " and "Guangdong-Hong Kong-Macao Greater Bay Area(GBA)", fluid machinery is an indispensable basic machinery and equipment for all walks of life, providing a huge market demand.
- ◆ Extremely strong economic radiation capability: Guangzhou city is an important economic and trade center of China. It is an important city in the national strategy of "The Belt and Road " and "Guangdong-Hong Kong-Macao Greater Bay Area(GBA)". It is also an import and export trading base for fluid machinery and has strong economic radiation capability.
- ◆ Targeted international buyers: organizers regularly emails to more than 600,000 overseas buyers in the database to feedback the progress of the exhibition and help exhibitors to develop overseas markets. Estimated there will be more than 500 overseas visitors.
- ◆ Strong cooperation, win-win cooperation: organizers cooperate with more than 60 associations of Energy, electricity, petroleum, chemical, metallurgy, daily chemicals, coatings, biomedicine, papermaking, municipal construction, construction, water supply, gas supply, sewage treatment, environmental protection engineering, machinery manufacturing, plastic machinery, medical equipment, and more than 30 energy and chemical industry park to invite buyers to visit the show.
- ◆ All-round publicity: organizers has reached strategic cooperation with more than 300 professional media and 50 mass medias to promote the show.
- ◆ Concurrent event: more than 20 events will be held in the same period of the exhibition.

Exhibitors Testimonials

We are satisfied with the exhibition, because we met a lot of buyers from CIS and The Belt and Road countries also some regular customers.

-Mr. Wan, executive director of Boteli Valve Group

Our company specializes in pneumatic actuators, the main purpose to attend this exhibition is to promote the popularity of our company and the products.

-Mr. Zhang, sales director of Wenzhou Luobai Automatic Equipment Co. Ltd.

We met not only domestic buyers, but also many buyers from abroad, this is very good platform for us to promote our company and products.

-Mr. Liu, sales manager of Suzhou Doer Gaseous Chemical Equipment Co., Ltd.

This time we come here to find more customers, and also invited many old customers to the show. We also supplied spare parts for the exhibitors of pump and valve on this show. This show is really good.

-Ms. Cao, sales director of TONGDA CARBIDE

Visitors Testimonials

We are from Uruguay, we are looking for new supplier, especially for Gate valves, butterfly valves and water treatment products, the show is good and we will come to visit every year.
-FIDEMAR S.A., commercial manager of Fabian Beinhacker

We come from Thailand, we would like to check products from China which with good quality and technology to use in our country.
-Sorrapong Udomsilp, general manager of SAS TECH SOLUTION CO., LTD.

I am from Iran, I come here to see valve and pump. Normally we purchase these products from Europe but now we would like to check it in China.
-Sanjesh Farayand Daghigh, general manager of Alireza Sadeghi

Concurrent Events

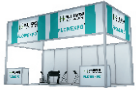

- ◆ The Belt and Road International Energy Chemical Industry and Pumps Valves Pipes Technology Summit Forum.
- ◆ Fluid Machinery and Pumps, Valves & Pipes Business Matching Meeting.
- ◆ Chemical Environmental Protection Water Treatment Technology Exchange Meeting.
- ◆ 2020 Guangzhou Pump Systems Energy-saving Technology Forum.
- ◆ 2020 Guangdong Province Fluid Machinery Industry Annual Conference.

Exhibits Categories

- ◆ Fluid control equipment: valves, regulators, actuators, valve bodies and accessories.
- ◆ Fluid instrumentations: fluid temperature, pressure, flow, level transmitter, analytical instrumentation, and automated control systems.
- ◆ Fluid delivery systems: pumps, compressors, wind turbine and vacuum equipment.
- ◆ Fluid delivery pipeline: pipe fittings, pipe, steel pipe and piping system.
- ◆ Fluid processing equipment: heat transfer, mass transfer, reaction, separation, drying, storage of pressure vessels.
- ◆ Fluid environmental protection equipment: fluid filtration, water treatment, sewage treatment, air purification, desulfurization and dust removal, environmental protection equipment.
- ◆ Fluid cooling equipment: cooling tower, cooler, cooling-water machine, water chiller, heat transfer equipment, condenser.
- ◆ Fluid transmission systems and sealing components: fluid sealing systems, hydraulic components, pneumatic components, sealing materials, sealing devices, etc.
- ◆ Fluid mechanical parts: casting forgings, flange gaskets.
